In the unforgiving wilderness of the Canadian Rockies, a young woman named Maya is on a journey of self-discovery. Haunted by her past and struggling to find her place in the world, Maya must come to terms with her own mortality and find the strength to move forward.

As Maya travels deeper into the wilderness, she encounters a cast of characters who both help and hinder her on her journey. There's the enigmatic guide, Elijah, who knows the mountains like the back of his hand. There's the beautiful but troubled artist, Sarah, who is struggling to find her own voice. And there's the mysterious stranger, Adam, who seems to know more about Maya than she does about herself.

As Maya's journey progresses, she begins to unravel the secrets of her past and discover the true nature of her own heart. She learns to embrace the beauty of life, even in the face of death. She learns to forgive herself for her mistakes. And she learns to love again.

Bones of the Tiger is a powerful and moving novel that explores the universal themes of love, loss, and redemption. Set against the backdrop of the stunning Canadian Rockies, the novel is a testament to the human spirit's ability to overcome adversity and find peace.
